

LISTING OF CLAIMS

- Claim 1 (Currently Amended) A wheel bearing comprising:
a fixed part structured to couple to ~~for accommodating~~ a brake caliper;
a wheel carrier;
connecting elements connecting the fixed part to the wheel carrier; and
at least one projection integrated with at least one of the fixed part, the
wheel carrier and the connecting elements [[for]] transmitting to the wheel carrier
a torque acting in the fixed part during braking.
- Claim 2 (Previously Presented) The wheel bearing of claim 1, wherein the projection is
formed around at least one of the connecting elements.
- Claim 3 (Original) The wheel bearing of claim 2, wherein the projection comprises a bolt.
- Claim 4 (Previously Presented) The wheel bearing of claim 3, wherein the projection
includes a threaded section to receive the bolt.
- Claim 5 (Previously Presented) The wheel bearing of claim 4, wherein the wheel carrier
has a receiving aperture therein and the projection is expandable by screwing the
bolt into the threaded section of the projection so that the projection frictionally
engages with the receiving aperture of the wheel carrier.
- Claim 6 (Previously Presented) The wheel bearing of claim 4, wherein fixed part
comprises a flange.
